CAREER SUMMARY

- Data enthusiast seeking opportunities to apply data analysis and visualization skills to support business decision-making through meaningful insights, structured analysis, and clear reporting.

EDUCATION

- **Buddha Institute of Technology** Gorakhpur, India
• Bachelor of Technology – Computer Science and Engineering (CGPA: 7.98) Aug 2022 – Jun 2026

TECHNICAL SKILLS

- **Programming:** Python, SQL, Java
- **Databases:** MySQL, MongoDB
- **Data Tools:** Microsoft Excel, Power BI, Pandas, NumPy, Matplotlib
- **Development Tools:** Jupyter Notebook, Visual Studio Code (VS Code), Git, GitHub
- **Web Technologies:** HTML5, CSS3, React JS, Django REST Framework (DRF)
- **Professional Skills:** Analytical Thinking, Problem Solving, Communication

WORK EXPERIENCE

- **DigiQuest Consultancy Services Pvt. Ltd** Gorakhpur, Uttar Pradesh
Software Developer Intern Mar 2025 – Sep 2025
 - Worked on a healthcare web application by developing React components and writing REST APIs using Django DRF, along with handling data storage and retrieval using MySQL
- **Infosys Springboard** Remote
Data Visualization Virtual Intern Apr 2026 – Present
 - Practicing SQL queries, data cleaning using Pandas, and creating basic visualizations while working with datasets and understanding reporting using Power BI

PROJECTS

- **Netflix Data Analysis Using Python:** Analyzed a Netflix dataset to identify content trends, genre distribution, and platform growth. Performed data cleaning and EDA using Pandas and NumPy, and built visualizations with Matplotlib to derive insights on ratings, countries, and post-2015 growth patterns.
- **SQL Retail Bookstore Analytics:** Designed a relational SQL project to analyze sales, customer behavior, and inventory. Used joins, aggregations, and CTEs to generate insights like revenue by book, average order value, repeat customers, and low-stock alerts.
- **Health Mate Go (MERN Stack Healthcare Application):** Developed a full-stack healthcare application using MongoDB, Express.js, React, and Node.js. Implemented JWT authentication and role-based access control, and built RESTful APIs and dashboards for real-time patient management and analytics.

CERTIFICATIONS

- Data Analytics – Skill Up Program — GeeksforGeeks
- Web Development with Django — GeeksforGeeks
- MySQL Certification — Simplilearn
- Microsoft Excel Certification — Simplilearn

ACHIEVEMENTS

- Awarded Honours in each academic year for maintaining above 75% aggregate throughout the B.Tech program with a clear pass in all subjects.
- Solved 180+ coding challenges on LeetCode, strengthening analytical thinking and structured problem-solving skills.

LEADERSHIP & EXTRACURRICULARS

- **Team Lead – College Technical Projects and Events** Gorakhpur, India
Coordinated registrations and event logistics for technical, cultural, and sports activities, enabling smooth execution and effective collaboration among participants and organizers.
- **Participant – College Technical Events** Gorakhpur, India
Participated in multiple college-level technical events, collaborating with peers on project presentations and problem-solving activities.
